

Save Money Today!

with IpFone Solutions

IpFone Hosted PBX all the ways your business communicates - Local, Long Distance, and Internet - on a single, smarter, more efficient platform installed, supported, and maintained by us. An alternative to the extra layers of support and costs of an in-house phone system, IpFone Hosted PBX will save your business money, streamline your communications, improve your employees' productivity, and ensure that your business is ready for future growth and technological advances.

▶ FULLY HOSTED & MANAGED SYSTEM

Our Main Services are:

- ▶ Fully managed and hosted telephone systems
- ▶ Internet access, T1, Metro Ethernet, DSL.
- ▶ Local, Long Distance, Conferencing
- ▶ Collocation
- ▶ Call Center
- ▶ Disaster Recovery Tools and Business Continuity

1 Reduce your overall communications costs up to 40%

2 Improve productivity and efficiency of your employees and business by:
▶ Having a single bill for local, long distance and high-speed Internet access.

3 Enjoy high quality of service and support with:

- ▶ Broadsoft Powered Softswitch
- ▶ Cisco and Polycom authorized Dealer
- ▶ NAP.
