

Shanon Communications Inc launches Promotional Products for small to medium business as another alternative to communicate with their customers.

Tampa Florida June 13, 2010- Shanon Communications Inc., a woman owned Telecommunications Company located in Tampa Florida is expanding into another area of communications. Shanon Communications announced today the release of their companies' direction to launch in addition to its telecommunications web site, a web site for promotional products such as: pens, coffee cups, T-Shirts, USB drives, and much more. Though this is totally at the other end of the spectrum stated the C.E.O of Shanon Communications Stephanie Person, she is quoted as saying "This form of communications is still within our expectations of supporting small to medium businesses". Our promotional products are expanding on Shanon Communications standards of doing things smarter, better, and faster. This greatly enhances customer experience and saves time and money through a few key features:

- There will be no minimum quantity orders. Orders can range from 1 - 500 pieces
- Reasonable setup fee's
- Products can display business logos, slogans, business contact information, and more.
- There will be: pens, coffee cup, key chains, USB drives, T-shirts, dress shirts and more.
- Our products will be very competitive and accommodating to the small business ***budget.***

This DBA for Shanon Communications is named: ***Promotional Product Solutions.*** The web site will be available July 1, 2010 at: www.4PPSolutions.com. Orders can be placed at that time. SHANON COMMUNICATIONS will be sending customers who sign up for their mailing list at: www.shanoncommunications.com before June 20, 2010 a sneak a peek link on June 25, 2010. They will be mailing to those who signed up free samples of the products that will be offered. To add Shanon Communications will also give a 5% discount to the first 25 people who place an order.
