THIS IS NOT AN ABSOLUTELY SAFE WORLD. ALWAYS USE COMMON SENSE AND GOOD JUDGMENT. THE FOLLOWING SUGGESTIONS AND GUIDELINES ARE NO GUARANTEE OF SAFETY AND SECURITY. MANAGEMENT MAKES NO GUARANTEES OF PERSONAL OR PROPERTY SAFETY.

FIRE PREVENTION- -Have a fire escape plan.

- Make sure your smoke detectors are in place and the battery is changed as needed.
- Test the battery regularly by pushing the “test” button. DO NOT REMOVE BATTERIES FROM SMOKE DETECTORS.
- Make sure any fire extinguishers register that they are charged.
- Check all electrical cords – frayed cords can cause fires.
- Don’t overload electrical outlets. If a breaker flips, check the outlets to see if they are overloaded. If it is not overloaded, contact management immediately.
- Provide smokers with deep ashtrays so cigarettes don’t fall out accidentally. ONLY SMOKE OUTSIDE!
- Kitchen Fire Prevention:
 - Keep your stovetop and oven clean. Grease accumulations can start a fire.
 - Keep flammable items away from stove burners.
 - Heat cooking oil slowly – don’t get water or ice near hot oil.
 - DON’T LEAVE COOKING ITEMS UNATTENDED!
 - Put handles out of reach of children.

FIRE EXTINGUISHERS – Fire extinguishers are located in every premise. If you are unfamiliar with their operation, consult landlord immediately. Unnecessary use of fire extinguishers is vandalism.

IF A FIRE OCCURS: -Leave the home and call 911 immediately. Then call Campus Realty as soon as possible.

PERSONAL SAFETY ADVICE

- Make sure to keep your doors and windows locked at all times.
- Leave your exterior front door light on when you will be arriving home after dark

- Don’t let anyone borrow your key.
- It is wise to purchase Renter’s Insurance.
- If you see suspicious people on the property, call 911

IMPORTANT NOTE: Do not feel hesitant about calling the police. If you ever question a suspicious car or person, CALL THE POLICE! There are many free fire safety and Crime Prevention books available from the local Law Enforcement Agencies. **POLICE (352) 334-2400 - SHERIFF (352) 336-2500.**

SECTION E - MAINTENANCE

1. **REFRIGERATOR:** Most shelves are removable. When cleaning, wash both inside and outside with mild soap and water. Do not use abrasive powder or cleaner. If your refrigerator is not frost-free, to defrost, turn temperature control to OFF. Remove food. Place pans of hot water in freezer. Scrape off loosened frost with PLASTIC SCRAPER. Very important: NEVER USE AN ICE PICK, KNIFE OR METAL WHEN DEFROSTING. Do not use salt or salt solutions of any kind. Make sure draining water does not spill on to floor.
2. **STOVETOP & OVEN:** Be careful not to lay items on top of the stovetop. All pot and pan handles should be pointed to the center of the stovetop so that they are not easily bumped causing spills. Do not cover the top of the broiler pan with foil or broil without the bottom part of broiler pan. When cleaning the oven, the oven racks may be removed. Follow label directions on oven cleaner. Clean your stove immediately after all spills; don't wait until grime is "baked on". The most frequent cause of extinguishing pilot lights in stoves is due to spillage and grease overflows. **Clean your stovetop and oven and especially before requesting a service call.**
3. **CARPET CARE:** Carpet should be vacuumed at least once a week.
CARPET CLEANING TECHNIQUES:
 - A. Scrape, blot, or absorb the excess immediately, using a spoon or the back of a knife for semi-solids or greasy substances and absorbent cloth or paper towels for liquids.
 - B. Avoid excessive wetting and rubbing of the carpet and never put furniture on wet carpet.

Emergency Maintenance: (352) 692-3800 → Please call again if no response within fifteen minutes.

Maintenance Requests: propertymanager@campusrealty.org

Office address: 1109 NW 13th Street Fax# 352-336-3900

- C. Carpet must be kept dry. Carpet has a rubber backing. If thoroughly wet, it will rot and smell. Call management for assistance if needed.
4. **DRAINS:** DO NOT PUT THE FOLLOWING IN THE TOILET OR DRAINS: bones, dental floss, hard seed pits, paper, paper towels, Q-tips, metal, cat litter, Condoms, Sanitary Napkins, or Tampons. Normal plumbing systems cannot accept these items. This is not an all inclusive list!
 5. **AIR CONDITIONER:** Move your thermostat switch to "cool", your fan switch to "automatic", and set your thermostat indicator for the desired temperature. Frequent thermostat adjusting may cause damage to the equipment and also is more expensive when the electricity bill comes in. Don't turn off the air conditioner for short periods. The catch up load is more load than maintaining the temperature. It is recommended that you keep your air conditioner at 80 degrees when you are gone all day or night. **AIR CONDITIONER FILTERS SHOULD BE CHANGED OR CLEANED ONCE A MONTH.**
 6. **SERVICE- WORK REQUESTS:** Work orders are handled in a timely fashion in the order they are received with the exception of emergencies.
Do not expect twenty-four hour or weekend service unless there is an emergency. The emergencies are defined earlier in the Rules and Regulations, and management expects you to call if it is an emergency.
The initial condition of the property is a part of your original agreement to accept a unit as part of the rental bargain. After you have moved into your home, use the work order system to request repairs in your dwelling.
 - a. Work requests are made either in person, in writing at the office, by email propertymanager@campusrealty.org, or by fax (352) 336-3910.
 - b. Usually, the repairman will call for an appointment.
 - c. If you do not keep your appointment time, the cost of the trip by the repairman will be charged to you.
 7. **PREVENTATIVE PEST CONTROL** – The condominium association may provide preventative pest control for your convenience and to handle most indoors pest control issues that may arise. Please call landlord should you need pest control service, other than regularly scheduled service if provided.

SECTION F - RESPONSIBILITIES UNDER YOUR LEASE

- All communications between the tenants, guarantor and management must be between the parties involved or their attorney who is willing to signify in writing to management that he is their legal representative.
- We cannot discuss any aspect of a lease with anyone except those named above. Specifically, we cannot discuss the lease with divorced or separated partners, girlfriends or boyfriends, employers, grandparents, attorneys who will not state their professional positions in writing or any other persons not on the lease.
- Management reserves the right to require that all residents on the lease be present in discussions concerning the lease.
- Management will not rent a residential property to any corporation, trust, partnership or persons who do not themselves occupy the premises in a habitual fashion.
- It is important that you understand that you are renting the home in the condition in which it was shown to you. If anything is to be improved, i.e. fresh paint, new carpeting etc., it must be agreed to **IN WRITING** by management before the beginning of the lease.
- You receive the property in a professionally cleaned condition and you are to return it in a professionally cleaned condition when you vacate.
- Make arrangements for any improvements at the time of your lease signing. No work is to be done on the rental that was not agreed upon in advance of the lease and agreed to by the management in **WRITING**.

YOUR LEASE AND DEPOSIT:

1. Move in Condition: Your home is given to you in professionally cleaned condition and good repair. You must notify management in writing immediately if it is not. You must submit your move in report to management within 15 days of occupancy; this is the report that protects your security deposit, turn it in! We also recommend tenants take pictures of the premises before moving any belongings in.

Maintenance Requests: propertymanager@campusrealty.org

Office address: 1109 NW 13th Street Fax# 352-336-3900

2. Move out Condition. Move out instructions will be given to you before the last month of the lease. When you vacate, management will note the condition of the rental as you left it on a move out report and document with photos.
3. **THE LAST DAY OF OCCUPANCY** is (1) the date you turn in all keys in person at NOON to management during normal office hours, if your move out date falls on a weekend or holiday you will be given instructions to turn in your key, (2) give you're forwarding address according to the Landlord/Tenant Act. PLEASE NOTE THAT YOU ARE CHARGED DOUBLE YOUR RENT FOR ANY HOLD-OVER DAYS.
4. Your Security Deposit Refund: This is the single most frequent reason for misunderstandings between management and the resident. Within thirty (30) days of your lease ending date you will receive a statement about deductions, if any, from deposits and why. A check for the full amount of the deposit if no deductions were made will be mail within fifteen (15) days. If you disagree with deductions, please reply by written statement, by certified mail, within fifteen (15) days so it may be reviewed. A written objection is required. We do work hard to make sure we are being fair.
 - *You will receive your notice by certified letter. The law requires us to use certified mail to establish the time period.
 - *You will not be allowed to pick up your statement or refund.
5. RE-LEASING is permitted by signing a new lease. In order for your lease to continue your rental agreement must be current. **NO ONE WHO IS NOT A SIGNED PARTY TO THE LEASE CAN OCCUPY THE PROPERTY OR PAY RENT.**
6. Breaking your lease: If you are leaving, come in and discuss the procedures and consequences with your Property Manager. Otherwise, we are obliged to ask the court to terminate the lease for us. Our responsibility to the owner requires us to seek a judgment on those who do not fulfill their lease terms.

TENANT OBLIGATIONS UNDER YOUR LEASE:

The tenant(s) has at least the following obligations:

1. **CENTRAL AIR/HEAT SYSTEM:** Use and operate in a reasonable manner the heating and air conditioning systems.
 - a. Your air conditioner and central heat and air system is an expensive mechanical device. It is entrusted to you for your care and, its use in "reasonable manner" means **changing your A/C filter at least every month**.
 - b. The cost of air conditioning filters is the tenant's responsibility. They are the "disposable or cleanable type". Frequent changing of filters saves you money by keeping your heat and A/C energy charges low. Do not put a wet filter in use.
 - c. Any service call due to a dirty A/C filter or any malfunction of the system due to neglect of the changing of filters is the responsibility of the tenant and the tenant shall pay for all repairs.
 - d. Air conditioners, like automobiles, become defective when not used. An air conditioner must be started and run during the winter once a month for twenty minutes.
 - e. **Make sure your pilot light is ignited when you have your gas turned on if you have gas heat or hot water.**
2. **PLUMBING:** It is the responsibility of the tenant to keep all plumbing fixtures in the dwelling unit clean and sanitary and in repair. If you have a plumbing stoppage in your home after 30 days of occupancy, it is your responsibility. If the problem is due to roots in the line, it is the landlord's responsibility. Either way call management as our plumbers tend to be cheaper due to volume of use by the company.
3. **LIGHT BULBS:** Light bulbs are a tenant responsibility.
4. **KEEP THAT PART OF THE PREMISES** which you occupy and use, including porches and windows, clean, sanitary, and free of garbage and unsightly objects.
5. **GARBAGE REMOVAL:** At some properties, management has provided for a dumpster. At most properties, the tenant contracts directly with WASTE MANAGEMENT through GRU for garbage collection. The service starts and ends with your GRU service. The collection cost is paid on your GRU bill. The Landlord and Tenant Act states that the "tenant must remove from the dwelling unit all garbage in a clean and sanitary manner". This means that you provide and care for your own garbage cans. It is your responsibility to pick up your own garbage if it spills. If you have curbside pickup of garbage, you must move your garbage to the curb on the "pick up day", and carry your trash can back to the dwelling that same day. Leaving garbage outside attracts bugs and rodents, if you develop a pest problem and there is a sanitation problem at the premises, you will be held responsible.
6. **COMPLY WITH ALL OBLIGATIONS** imposed upon tenants by applicable provisions of building, housing and health codes.

Emergency Maintenance: (352) 692-3800 → Please call again if no response within fifteen minutes.

Maintenance Requests: propertymanager@campusrealty.org

Office address: 1109 NW 13th Street Fax# 352-336-3900

7. **THE TENANT DOES NOT HAVE THE RIGHT TO:** PAINT, CHANGE, ALTER, DESTROY, DEFACE, DAMAGE, IMPAIR OR REMOVE any part of the premises or property therein belonging to the landlord, nor permit any person to do so without prior written consent of the landlord.
8. **LOCKS AND KEYS** may not be altered by the tenant. If for any reason you feel your home has a defective lock or is inadequate in its security, please report this to the office. If you place a lock on a bedroom door, a copy **MUST** be provided to management. It is **FORBIDDEN BY THE LANDLORD-TENANT LAW FOR THE RESIDENT TO CHANGE LOCKS OR ALTER PROPERTY HE DOES NOT OWN.**
9. **TENANT SHALL GIVE ACCESS** to the rental unit for purposes of showing to a prospective new tenant, repairing, and to maintain equipment. Tenant may not deny the landlord access during reasonable hours.
10. **RESIDENTS DO NOT HAVE THE RIGHT TO ORDER REPAIRS** or improvements to the property. Without prior approval by the Landlord, Tenants cannot submit bills to management for payment or reimbursement.
11. **PILOT LIGHTS** are a tenant responsibility unless the equipment is defective. Use a certified gas company. We recommend the GRU Gas if it is on their service or if it is LP gas, a certified LP gas provider.

LANDLORD OBLIGATIONS UNDER YOUR LEASE:

This section is a condensation of landlord requirements under the Florida Landlord Tenant Act.

1. **RIGHT OF ACCESS:** Management will not abuse the right of access. However, we do reserve the right to make whatever repairs and improvements we deem necessary during the course of the lease. Management also reserves the right of inspection and to show the unit to prospective tenants and buyers upon reasonable notice. Work will be done during regular office hours.
